CHAMBER OF COMMERCE

History

The Chetwynd Chamber of Commerce has served the community since 1959. The first Board of Directors and Executive were long-time residents Frank Oberle, James Merchant, Joe Engelman, Ernie Pfanner, Norm Stirling, Eugene Embree, Emil Breitkreitz, Paul Anderson, Jim Ashdown, Alex Daniluck, and Father Emile Jungluth.

The first Chamber of Commerce achieved many notable successes, including the incorporation of Chetwynd as a village in 1962. The Chamber of Commerce was also instrumental in the establishment of a Water Works District, the first newspaper (the Chinook), a fire department, hospital, airport and improved housing.

MAYOR & COUNCIL

From left: Councillor Clay Bassendowski, Councillor Jocelyn Disher, Councillor Janet Wark, Mayor Allen Courtoreille, Councillor Laura Weisgerber, Councillor Rochelle Galbraith & Councillor Mel Deck

WELCOME TO *Chetwynd!*

Chetwynd is located in the gorgeous Peace River District. Nestled in the foothills and surrounded by forests and ranch land, Chetwynd is only 15 minutes from mountain goat country to the south. To the west and south, anglers and canoeists have wonderful mountain rivers to explore. If you head north out of town, you will soon encounter the pristine waters of Moberly Lake with rocky mountain peaks as a backdrop. To the east is the great plateau country dear to the hearts of hundreds of ranchers and farmers. It seems that we have something for just about everyone.

The peace and serenity of our rural and wilderness areas are within minutes of town; you can park in a number of sites. If you are the energetic sort, test yourself on a variety of hiking trails that provide expansive views of the great creation around you. Winter wonders include vast spaces for skiing, snowshoeing, and sledding. Powder King Resort is only an hour to the West. Our economy is based on agriculture, tourism, forestry, wind, transportation, natural gas, coal, and the related service industries. Chetwynd is well positioned to prosper in good times and withstand adversity.

In-town amenities include a sports complex that houses just about everything you need to keep in shape; a skateboard park for all ages is just next door. We have a public library and a college, as well as many local services and amenities to enjoy. If you have a chance check out the visitor centre for information on other programs and activities that are offered throughout the year.

Chetwynd won the 2018 Provincial Open for Business Award, and was declared one of the 30 Most Charming Towns in Western Canada by Top Value Reviews.

MOBERLY *Lake*

Moberly Lake, a long and narrow body of water encircled by a typical boreal forest, is a popular getaway for residents and non-residents alike. The lake freezes over each winter and provides wonderful year-round activities that range from camping to ice fishing to snowmobile fun.

Moberly Lake Provincial Park is situated on the southern short of the lake which is set on the boundary between the Rocky Mountain foothills to the west and the Peace plateau to the east. Enjoy a leisurely stroll along the lakeshore and pull up a bench to watch the sunset. While you are there, take time to listen to the loons or look up for bald eagles. Head down the lake for a swim or test your luck fishing for Arctic Grayling, Northern Pike, BC Trout and Lake Whitefish.

Moberly is located 27 kilometers northwest of Chetwynd along Highway 29.

CAMERON *Lake*

Located on North Cameron Lake beach 41 km from Chetwynd on Hwy 29N, Cameron Lake is one of the few lakes that offers good swimming during the summer months. A favourite for locals, it does not allow motorized vessels, so provides a more relaxed and tranquil atmosphere.

NORTHERN BC TOURISM RESILIENCY PROGRAM

Northern BC Tourism Association (NBCTA) launched the Tourism Resiliency Program to support the tourism sector across northern BC in response to the global pandemic. This program is different - the Tourism Resiliency Program (TRP) is focused on support, connection, and building a better business. New program registrants are still being accepted and there is no cost.

WHAT IS THE TRP?

The BC Tourism Resiliency Network is a long-term resiliency program providing BC tourism businesses with meaningful, one-on-one support to navigate the impact of the COVID-19 pandemic, adapt and work towards eventual recovery. The Northern BC Tourism Association is committed to supporting the survival and recovery of our region's tourism businesses affected by the COVID-19 pandemic.

WHO SHOULD REGISTER?

The program is open to business leaders, managers and team members for tourism businesses located or offering services in Northern BC. If tourism touches your business in any way, you are eligible to register for the TRP.

Tourism Resiliency Program has helped nearly 200 businesses since April 2020, with over 17 average interactions per business, demonstrated the commitment to tourism businesses' long-term recovery and success.

Programs have been developed to connect businesses with a variety of experts across all business fields. Marketing plans have been developed, eCommerce solutions employed, visitor insight research has been analysed, partnership with complimentary tourism businesses have been developed – all for the betterment of the tourism sector, and its businesses, across Northern BC.
